14 Employment and Employees

a Employment of physically challenged persons:

It is the policy of the Company that there is no discrimination in considering applications for employment including those of physically challenged persons. The Company had 13 (2022: 12) physically challenged persons in its employment as at 30 June 2023.

All employees whether physically challenged or not are given equal opportunities to develop their expertise and knowledge and qualify for promotion in furtherance of their careers. In the event of members of staff becoming physically challenged, every effort is made to ensure that their employment with the Company continues and that appropriate training is arranged. It is the policy of the Company that training, career development and promotion of physically challenged persons should, as far as possible, be identical with that of other employees.

b Health and safety at work and welfare of employees:

The Company invests its resources to ensure that hygiene on its premises is of the highest standard. In this regard, the Company has, on three occasions, won the Manufacturers' Association of Nigeria's award for the best kept factory and on three occasions won the Federal Environmental Protection Agency's environmental performance award as the most environment-friendly company in Nigeria.

The Company operates its own clinics which provide quick health care to its employees. In pursuit of efforts to improve health infrastructure and enhance the quality of care for the employees, the company has built an ultra modern clinic at Agbara factory. The clinic which is fully equipped with state-of-the-art medical facilities consists of three consulting rooms, one pharmacy, one laboratory and two observation rooms, amongst others.

The modernization of the medical facilities by the Company is in line with Nestlé Corporate Business principles of promoting safe and healthy work environment for the employee.

The Company caters for the recreational needs of its employees by providing them with a wellness center and other games facilities such as Table Tennis, Draughts, etc. Lunch is provided free to staff in the Company's canteen.

c Employees involvement and training:

The Company places considerable value on the involvement of its employees and has continued the practice of keeping them informed on matters affecting them as employees and on various factors affecting the performance of the Company. Employee representatives are consulted regularly on a wide range of matters affecting their current and future interests.

Circulars and newsletters on significant corporate issues are published. Regular briefing sessions are also held at corporate and operational levels to enhance exchange of information.

Management, professional and technical expertise are the Company's major assets. The Company continues to invest in developing such skills. The Company has in-house training facilities, complemented, when and where necessary, with external and overseas training for its employees. This has broadened opportunities for career development within the organisation.

The Nestlé Technical Training Center (TTC) is a multi-skill engineering training program which runs for a period of 18 months. The content of the course is based on the syllabus of City and Guilds of London Technicians Examinations Certificates in Engineering, one of the world's leading vocational education organizations.

Directors' Report-Continued

The total number of those who have so far completed the programme in our Technical Trainee Centers in Agbara and Abaji factories from 2013 till date is one hundred and thirty-nine (139). The cost of the training for the eight (8) sets of graduates was fully paid by our Company.

To empower the trainees with relevant skills, the top five (5) students in the scheme were taken to Switzerland for further training within the Group's factories. We are pleased to inform you that the sets of TTC graduates that completed their 18 months program in 2021 recorded outstanding results despite the impact of COVID-19.

The best graduating trainee had 33 distinctions from City and Guilds examinations from levels 3 to 5. The latest batch of graduates of the scheme in Agbara factory (20 Trainees) completed their 18 months program in August 2022 and recorded outstanding result. The best graduating trainee had 29 distinctions from City and Guild examinations from levels 3 to 5.

To reduce unemployment, a total of one hundred and thirty-one (131) graduates were given employment by our Company. The other eight (8) graduates are in full time employment with other organizations. The breakdown of the beneficiaries of the TTC is as follows:

BATCH NO.	YEAR OF GRADUATION	SITE	NO. ADMITTED	NO. OF GRADUATES	NO. EMPLOYED BY NESTLE	NO. EMPLOYED BY EXTERNAL PARTY

Notes to the financial statements

1 Reporting entity

Nestlé Nigeria Plc ("the Company") is a Company domiciled in Nigeria. The address of the Company's registered office is at 22-24, Industrial Avenue, Ilupeju, Lagos. The Company is listed on the Nigerian Stock Exchange.

The principal activities of the Company continue to be the manufacturing, marketing and distribution of food products including purified water throughout the country. The Company also exports some of its products to other countries within and outside Africa.

2 Basis of accounting

(a) Basis of preparation

The interim condensed financial statements for the period ended 30 June 2023 have been prepared in accordance with IAS 34 Interim Financial Reporting.

The interim condensed financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Company's annual financial statements as at 31 December 2022.

(b) Basis of measurement

The financial statements have been prepared on historical cost basis except for the following:

- Liabilities for equity-settled share-based payment arrangements
- The present value of the defined benefit obligation relating to long service awards
- Inventory at lower of cost and net realisable value
- Zero depreciation for Land

(c) Functional and presentation currency

These financial statements are presented in Naira, which is the Company's functional currency. All financial information presented in Naira has been rounded to the nearest thousand except where otherwise indicated.

3 Significant accounting policies

The accounting policies adopted in the preparation of the interim financial statements are consistent with those followed in the preparation of the Company's annual financial statements for the year ended 31 December 2022, except for the adoption of new standards effective as of 1 January 2023. The Company has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

4 Operating segments

- (a) The Company has two reportable segments, as described below, which are the Company's strategic business units. The strategic business units offer different products and services, and are managed separately because they require different technology and marketing strategies. For each of the strategic business units, the Company's Board of Directors (BOD) review internal management reports on a quarterly basis. The following summary describes the operations in each of the Company's reportable segments:

Segments	Description
Food	This includes the production and sale of Maggi, Cerelac, Nan, Lactogen and Golden Morn.
Beverages	This includes the production and sale of Milo, Chocomilo, Nescafe, Milo ready-to-drink (RTD) and Nestlé Pure Life. Cofee ready to drink(RTD)

The accounting policies of the reportable segments are the same as described in Notes 3.

Information regarding the results of each reportable segment is included below. Performance is measured based on segment profit before income tax, as included in the internal management reports that are reviewed by the Company's Board of Directors. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries.

Notes to the financial statements

21 Currency risk

The Company is exposed to currency risk on sales, purchases and borrowings that are denominated in a currency other than the functional currency of Company, primarily the Naira. The currencies in which these transactions primarily are denominated are Euro, US Dollars (USD), Pounds Sterling (GBP) and Swiss Francs (CHF). The currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to the changes in foreign exchange rates.

The Company monitors the movement in currency rates on an ongoing basis to mitigate the risk that the movements in the exchange rates may adversely affect the Company's income or value of their holdings of financial instruments.

The Company manages the transactional exposures in accordance with specific principles which are in line with the Company's business needs. These include balancing the sources of financial instruments. Due to the recent devaluation of naira, which necessitated the revaluation of our foreign currency obligations, company recorded exchange loss of N124.5 billion (2022: N7.3) in the statement of profit or loss and comprehensive income for the period ended 30 June 2023.
