## PRESS RELEASE

The Board of Directors of Neimeth International Pharmaceuticals Plc (“the Company”) hereby notifies its esteemed shareholders that NGX Regulation Limited (NGX RegCo) has approved the Company’s request for extension of time to achieve the required free float threshold within two years (2024-2026).

This is to enable the Company comply with Nigeria Exchange Limited’s free float requirements of 20% issued and fully paid share capital or ₦20,000,000,000.00 (Twenty Billion Naira) free-float market capitalization for companies listed on its Main Board and to ensure that the Company returns to its post-listing obligations.

This is in line with Rule 3.1.4 of The Exchange’s Rules Governing Free Float Requirements, which states that “The Exchange may suspend trading in the company’s securities if the company does not achieve the required free float within the stipulated timeframe”.

The Management and Board of Neimeth International Pharmaceuticals Plc remain committed to good corporate governance practices and will ensure that the free float deficiency of the Company is cured within the stipulated timeline given by NGX RegCo, failing which NGX RegCo may suspend trading in its securities.

Thank you.
