TANTALIZERS PLC APPOINTS GLOBAL MARINE GURU, CHARLES QUINN, TO BOARD OF DIRECTORS

In line with its bold diversification strategy and commitment to innovation and global best practices, **Tantalizers PLC** (the Company) is pleased to announce the appointment of **Mr. Charles (Charlie) Quinn** as a **Non-Executive Director** on the Company's Board, effective Tuesday, 15th April 2025.

Mr. Quinn's appointment comes at a transformative moment for Tantalizers, as the Company expands into the **blue economy** with the launch of **Tantalizers Fisheries**, a new strategic business arm focused on sustainable fisheries, seafood processing, and marine logistics.

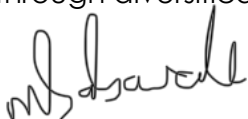

With over four decades of deep expertise in the **marine industrial sector**, Mr. Quinn is widely respected as a pioneer in commercial fishing operations and marine innovation. Based in **New Bedford, Massachusetts**, the most valuable commercial fishing port in the United States, Mr. Quinn began his career in 1980 and rose through the ranks from crew member to Captain, and eventually, the owner of several fleet of commercial vessels.

He is also the founder of several marine-based companies including East Coast Fabrication, Lighthouse Marine, and Standard Marine Outfitters. His collaborations with leading marine science institutions, as well as his service on the NOAA Advisory Panel for Scallop Resource, earned him the prestigious NOAA Environmental Hero Award for his contributions to sustainable fishing.

Mr. Quinn expressed his enthusiasm for the new role:

"It is a privilege to join the Board of a respected brand like Tantalizers PLC. I am excited to contribute to the Company's ambitious entry into the blue economy and to support efforts that combine innovation, sustainability, and economic growth in Nigeria's marine sector."

With this appointment, Tantalizers PLC reinforces its commitment to driving growth through diversification, innovation, and world-class governance.

Olamide Babawale-Mo
