DANGOTE CEMENT PLC PLANS USD400MILLION EXPANSION OF ITS ETHIOPIA CEMENT PLANT

This is to inform the Nigerian Exchange Limited (NGX) and all stakeholders that:

Dangote Cement PLC plans to invest USD 400 million to upscale a second production line at its Mughher cement plant in Ethiopia. This expansion aims to double the facility's annual production capacity to 5 million tons and is expected to become operational within 30 months.

Additionally, the company plans to establish a new greenfield cement grinding unit with an annual capacity of 3 million tons.
