Introduction

As the foremost Exchange in Africa, The Nigeria Stock Exchange values its clients and is committed to providing solutions that enable them compete effectively on a global scale.

Improving business transparency is crucial to attracting more investors to Africa; hence the provision of a robust Investor Relations (IR) solution to increase issuers visibility and promote liquidity in the African markets is essential.

Our goal is to be the preferred Market Data source reputed for providing Investors Relation solutions necessary for the advancement of the African markets.

Overview

The NSE Investor Relation Data Pack is an effective, low cost and easy to use IR website solution, built with Key Market Statistics live from The Nigerian Stock Exchange.
